

FIG.1A

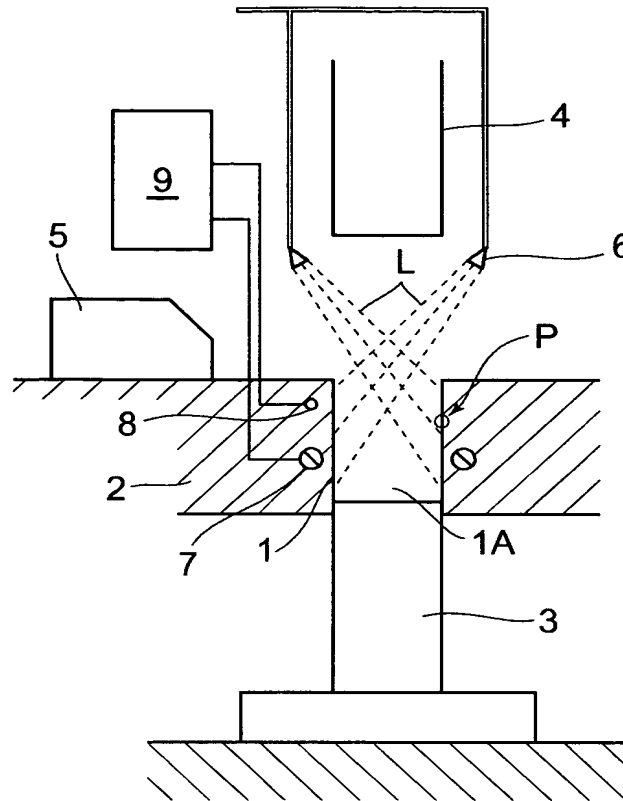

FIG.1B

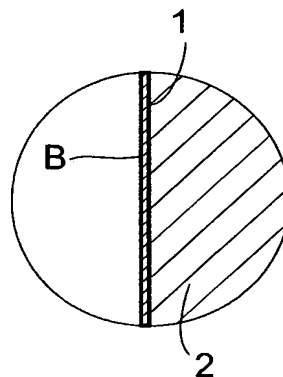

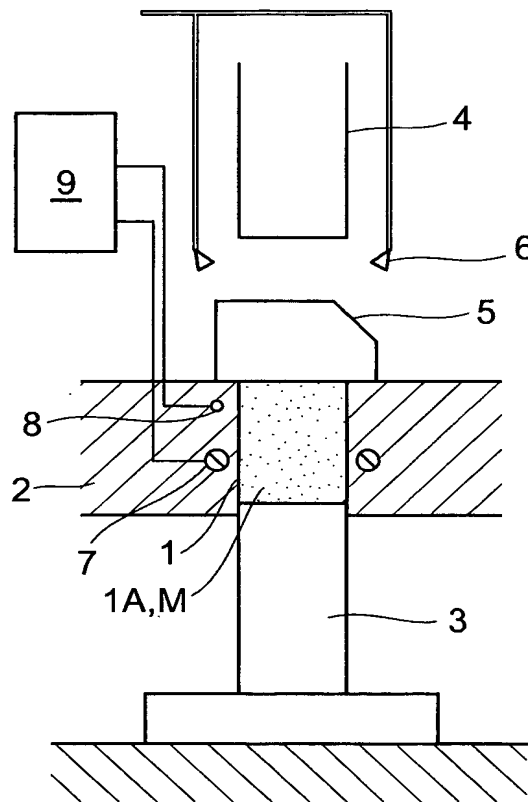

FIG.2

A schematic diagram of a hydraulic press. A rectangular block 1 is on a base. A vertical cylinder 2 is on top of 1. A piston 3 is inside the cylinder. A shaded layer A is on top of the piston. A vertical tube 4 is on top of the piston. A vertical tube 6 is on the right. A vertical tube 8 is on the left. A vertical tube 9 is on the far left. Arrows indicate downward movement of the piston and the tubes.
